## Paul Reutlinger in action at the 2009 BASS Federation Nation Championship

### My Fellow Anglers

I wanted to get out a short note to let everyone know how grateful I was to get all the support from many of you. The phone calls and e-mails really charged me up. I wish I had done better in the tournament but I just couldn't get things going my way. Completely different way to fish.(No Structure).

We had a great time and they really know how to take care of the fisherman. As some of you know, I also went to the Forrest Wood Cup this year and hands down this was a much better run and more exciting tournament. With all the support from the Federation Nation my wife and I had a great time. You really don't know how much it helps to have folks rooting for you when you get at that level. The financial support was really great, and again, Thank-You.

This is an event that everyone should put all your effort into. We don't have many ways to get to this level of fishing out west and I encourage everyone to get on board and make the Qualifiers the biggest event of the year. It is well worth the effort and as you have shown me you support the folks that qualify.

You people are some of the best folks around and I'm really glad to that you people gave me the opportunity to attend such a great event. Thank-You all very much!!!

Paul Reutlinger
