

**NOTICE OF EMERGENCY CHANGES
TO THE 2016 UTAH FISHING GUIDEBOOK
OF THE WILDLIFE BOARD FOR THE TAKING
OF FISH AND CRAYFISH**

I, Gregory Sheehan, by authority granted in Section 23-14-8 of the Wildlife Resources Code of Utah declare an emergency amendment to the 2016 Utah Fishing Guidebook. The following has been amended:

Red Fleet Reservoir (Uintah County)

CLOSED to the possession of Yellow Perch and Black Crappie.
All Yellow Perch and Black Crappie must be immediately released.

This change is effective March 11, 2016 and will remain in effect until July 1, 2016.

Red Fleet Reservoir was treated with rotenone in October 2015 to remove illegally stocked Walleye and Smallmouth Bass. On March 10, 2016, 1,050 Yellow Perch were stocked into Red Fleet Reservoir. A similar number of Black Crappie will be stocked into the reservoir in early April. This regulation is meant to protect these stocked fish through one spawn.

All other rules established in the 2016 Utah Fishing Guidebook remain in effect.
