Mike Lavallee and Mike Powell Advance to the 2017 B.A.S.S. Nation Championship, Utah State Team Finishes in 3rd Place.

The Utah BASS Nation State Team rolled into Clear Lake CA 19-21 April as the defending western divisional champions and looking to retain the title and win another boat. The event unfolded with picture perfect weather with warm temperatures and minimal wind. Chase Colby set the pace for the boaters on Day 1 with a 5 fish limit for 12 lbs 11 ounces good for second place with Bill Brown in 4th and Mike Lavallee in 6th. On the nonboater side of things Mike Powell was leading the entire field on the strength of a 3 fish limit for 7 lbs 12 ounces with Randy (peaches) Pierson and Cory Stovall less than 2 lbs behind him. Team Utah served notice to the team title and was sitting in first place with 145 lb 9 ounce total team weight, but it was going to be a tight race with less than 3 lbs separating 1st place and 4th place.

On Day 2 things shuffled up a bit for the boaters with Don Allphin moving into the mix and sitting in 4th place overall on the strength of a 7+ lb gorgeous spotted bass with Justin Hicks, Chase Colby, Bill Brown and Mike Lavallee close on his heels and less than 2.5 lbs behind. On the nonboater side of things Mike Powell was steadfast as always with Cory Stovall and Terry Peterson less than 1.5 lbs behind. Day 3 was setting up to be a wide open shoot out when the field was cut to the top 21 boaters and nonboaters competing for the \$31,000 in cash payouts along with the chance for the #1 boater and #1 nonboater from each state to advance to the 2017 National Championship and the opportunity to compete in the 2018 BASSMASTER Classic. The Utah BASS Nation once again advanced the most anglers into the final day (5 boaters and 3 nonboaters) for the second year in a row.

Mike Lavallee stayed solid and brought in another 5 fish limit weighing 11 lbs 5 ounces and garnering a 5th place overall finish in the tournament with a total weight of 31 lbs 9 ounce and captured the #1 boater position for Utah. Mike Powell maintained his rock solid performance and led the Utah nonboaters on Day 3 with three fish for 5 lbs 14 ounces for a total weight of 18 lbs 15 ounces eclipsing Cory Stovall by 12 ounces to seal his victory.

Thanks to everyone for working hard, staying focused and contributing everyday and enabling the TEAM to finish in 3rd place.

Please wish Mike Lavallee and Mike Powell good luck when you see them, they will both be representing Utah at the 2017 BASS Nation Championship at Lake Hartwell, South Carolina 19-21 October. Where both of them will have an opportunity to advance to the 2018 BASSMASTER Classic. Congratulations and Good Luck.

ATTENTION UTAH BASS NATION ANGLERS

The second state team qualification tournament will be conducted 3-5 November
Bullfrog Marina, Lake Powell Utah.

- This tournament is a separate stand-alone qualification tournament
- This tournament will qualify 10 anglers towards the 2018 state team (6 boaters and 4 non-boaters)
- 20 anglers total will make up the state team and be eligible to attend the BASS Western Regional in 2018 (10 anglers qualified in March)

The Ticaboo Hotel is the host hotel for all tournament activities and has generously offered up a great fisherman only rate of \$59 a night plus tax. Please call them to lock into a 1st floor reservation (435-788-2110). The pretournament meeting will be on 16 March at the Ticaboo pool/restaurant starting at 4:00 for check-in, payment into option pots and receiving the sponsor gift packs. The pretournament meeting and raffle starts promptly at 4:30 and as soon as that is completed we will proceed with the partner pairing.

MEMBERSHIP

There always seems to be some confusion in regards to what ALL is required to be a member of the Utah BASS Nation and the easiest way to explain is to compare it to a 3 legged stool. If any of the legs are missing your stool is not going to work.

Leg #1 - is the BASS Magazine subscription—this gets you your membership number and can be taken care of on your own accord (can be anywhere from an annual subscription to a 3 yr, 5 yr or even a lifetime subscription) 1-877-BASSUSA
Leg #2 - is payment of National Dues—cost is \$30 and this goes to BASS headquarters and is used to run the entire BASS Nation program throughout the entire country. This \$30 should be collected by your club president for remittance to BASS headquarters. The rate is set by BASS not the UTBN.

Leg #3—is payment of Utah BASS Nation State Dues—cost is \$20, this goes directly into the UTBN account and is used to offset expenses for operating tournaments, purchase raffle items, provide a stipend to state team anglers and national contenders along with supporting the annual veterans free fishing program. This money should be collected by your club president and submitted to the UTBN treasurer.

REMINDER:

FOR RENEWING MEMBERS -To be eligible for the state team you must have paid state and national dues no later than 01 March 2017 (this rules applies to anyone that has ever been a member of the UTBN at any time).

FOR BRAND NEW MEMBERS—if you have never been a member of the UTBN you have up until the day prior of the tournament starting to have all dues paid in FULL to be eligible for the state team

DID YOU KNOW

2,733 people receive BASSMASTER magazine in Utah. Only 4.61% of these folks are members of the Utah Bass Nation (134 members in 2016)

Please spread the word and do what you can to promote the growth of the organization. The more members we have the better things are for everyone from attracting and retaining sponsors to increasing the amount of funds in the coffers to support the state team, veterans fishing day program, conservation initiatives or anything else related to bass fishing within the intermountain region.

Protect your propeller(s) when trailering or storing them. Stop your props from getting dinged and being a hazard when trailering. Great for storage in or out of boat of spare propeller(s).

- Made from 600 Denier Heavy Duty Nylon.
- Velcro® closure for tight fit. Won't come off during trailering.
- Hand straps for easy carrying.
- Use for storage or trailering to protect your props from dings.
- Includes interior pocket for holding locking tab and prop nut when storing propeller.
- Includes grommet locking holes for simple security to outdrive when boat is stored at yard.
- Fit 2, 3 and 4 blade propellers up to 15 1/2" hub.

All UTBN members can
purchase QUANTUM
product at a 40%
discount

Introducing the Accu-Cull Culling System

The Accu-Cull Culling System is one of those products that comes around that makes you say "Why didn't anyone think of this before?" The Accu-Cull is by far the simplest and most efficient culling system to hit the market. The complete system includes:

- A weight recorder with mounting bracket
- A digital weigh scale
- Color-coded culling tags that correspond to the weight recorder for fast retrieval

For any journey where you need to weigh and cull fish, Accu-Cull is the product to help you win!

Read on to learn more about each individual component of the innovative Accu-Cull system.
